How to record

- **Talk to one friend.** This topic protects people, so sound caring and confident, never scary.
- **Telugu lines (🗣️)** are the heart lines: say them slower and closer to the camera.
- **The bold questions** (“What if…”, “How is it possible…”, “Can someone really…”) are the hooks. Ask each one as if you really want to know, pause for half a second, then answer.
- **Hold the phone upright** at eye level, an arm’s length away. Leave a little space above your head, and keep your head near the top-centre of the frame.
- **Light:** face a window or lamp, and wipe the lens first.
- **Finishing:** after the last line, **stay still and smile for 2 seconds** before you reach for the phone. Then I can cut cleanly.
- **Sending:** 720p, under 30 MB, sent here in the chat.

The story in one line: what the scam is → what the Supreme Court did → the job it gave each institution → why the CBI needed the states → the trap.

📷 **FULL FACE:** ***curious, like asking a friend “what would you do?”***

What if your phone rings right now, and a man in uniform says, you are under digital arrest?

🗣️ **భయపడకండి, ఇది scam.**

So how does this scam work, and what has the Supreme Court done about it?

🎙️ ***storytelling, step by step.***

Here is how it works. A fake officer on a video call says your name is in a crime case, keeps you on camera for hours, and makes you send money to a so-called safe account, which is really a **mule account**.

🗣️ **కానీ గుర్తుంచుకోండి**, there is no such thing as digital arrest in Indian law.

🎙️ ***clear, news voice.***

In October 2025, after a senior citizen wrote to the Chief Justice, the Supreme Court took up the issue on its own, as a **suo motu** case. The Home Ministry told the Court: over 21,000 complaints, and 647 crore rupees lost, in just 8 months of this year.

🎙️ ***energetic: “each one got a job”.***

Now, the Court gave **each institution a job**. The **CBI** got a pan-India probe. The **RBI and banks** must hunt down mule accounts, and on October 29th the Court proposed that banks compensate victims when their own negligence let the fraud through. And the Home Ministry’s **I-4-C**, which runs the **1930** helpline, collects every complaint.

🎙️ ***puzzled on the question, then slower on the trap.***

But how is it possible that the Court had to ask the states before sending the CBI? Because police is a **State subject**, and the CBI is **not a statutory body**: a Home Ministry resolution set it up in 1963, and its powers come from the DSPE Act of 1946, which needs state consent.

🗣️ **ఇదే Prelims trap!**

📷 **FULL FACE:** ***warm, smile.***

So remember: no digital arrest in law, and call 1930.

🗣️ **ఈ video మీ family తో share చేయండి**, and follow for one exam trap every day!

(Stay still and smile for 2 seconds.)
